Honorable Joseph J. Stearns Jr.

Sir, not being a lawyer just an "informed" stockholder, I would like to know why Case No. 05-29851 was not handled as a class action suit? It reads to me that Elemer Plaintiffs will profit from this lawsuit plus the damages. Why should the other stockholders pay the attorney up to \$62,500, and not get even settlement the other "Elemer" are going to be compensated. No amount will be paid for the "Elemer."

Thank You
